Categorical Exemption. State type and section number: Section 15332, Class 32, Infill Development Projects
Statutory Exemptions. State code number:

Reasons why project is exempt:

The project qualifies for Categorical Exemptions under CEQA Guidelines Section 15332, Class 32 for an infill development project. It is consistent with the General Plan and is also consistent with zoning regulations except as modified by State Density Bonus Law. The project site is less than five acres in size and is substantially surrounded by urban uses. The project site has no value as habitat for endangered, rare, or threatened species as it is not mapped for or adjacent to areas of potential sensitive habitat under the General Plan. The project would not result in significant effects related to traffic, noise, air quality, or water quality, and the site is within the urban services area and will be served by all utilities and public services. None of the exceptions to the exemptions under Section 15300.2 apply to the project in that the project is not part of a larger project that could result in a cumulative impact, there are no unusual circumstances associated with the project or subject parcel, the project will not result in damage to resources associated with an officially designated scenic highway, the project site is not included on any lists compiled pursuant to Section 65962.5 of the Government Code related to Hazardous Waste Sites, and the project will not result in substantial adverse changes in the significance of a historical resource site in that there are no known historic resources on the property.
