## VACCINE INTEREST SURVEY FOR HOMEBOUND INDIVIDUALS

**Santa Cruz County, Calif.** – If you are a homebound resident of Santa Cruz County and have not yet received a COVID-19 vaccination, Santa Cruz County Public Health would like to hear from you.

If you are interested in having medical professional visit you in your home to administer a COVID-19 vaccine, please visit <https://www.santacruzhealth.org/coronavirusvaccine> and click the “homebound vaccination” survey link near the top of the page. The survey is available in English and Spanish.

This survey helps Public Health assess vaccine needs for homebound individuals. Personal information provided will be treated as private health information and will not be shared with outside parties.

If you need assistance filling out the survey, call or text Community Bridges’ Bridges to Access Vaccination Helpline at (831) 219-8607. Leave your name, phone number, age and zip code, and Community Bridges’ staff will call back within 48 hours.

This survey is intended to be completed by, or on behalf of, Santa Cruz County residents. The survey takes about ten minutes to complete, and Public Health staff will reach out directly to homebounds individuals to schedule appointments in the home once the delivery of vaccines is ready to begin.

For local information on COVID-19, go to [www.santacruzhealth.org/coronavirus](http://www.santacruzhealth.org/coronavirus), call 211 or text “COVID19” to 211211. Residents may also call (831) 454-4242 between the hours of 8 a.m. and 5 p.m., Monday through Friday.
