### **NOW LIVE: ONLINE COMMUNITY SURVEY ON E-BIKE PRACTICES AND BELIEFS**

SANTA CRUZ COUNTY, CA – The Community Traffic Safety Coalition (CTSC) invites parents and guardians of 6<sup>th</sup> – 12<sup>th</sup> graders in Santa Cruz County to complete an online survey about electric bicycles (e-bikes).

E-bikes have increased in popularity among youth; as such, there is an increased need for educational campaigns surrounding safe e-bike practices, particularly among parents and guardians of adolescents. E-bikes have been a special topic of interest for not only health officials but community members as well. CTSC aims to use the results of the survey to tailor future educational outreach efforts.

The survey is available in English and Spanish via the URL and QR code below. The survey flyers have also been distributed to 6<sup>th</sup> – 12<sup>th</sup> schools and local community hubs. The survey will be open through April 11, 2025. Survey results will be shared back to the community in late spring.

If you have any other questions about the survey or if you want to get involved with CTSC, please contact Kelly Curlett at [Kelly.Curlett@santacruzcountyca.gov](mailto:Kelly.Curlett@santacruzcountyca.gov).
